## FIRST DANCE WINS HIGH PRAISE FOR COMMITTEE

On Saturday, December 13, the first dance of the year was held in the Lang Gymnasium under the able management of John C. Cushman, Jr. and a committee composed of Gilmore Farr, J. Harris Latimer, Joseph Langmaid, J. Edward Hessian, and Otto Thelen.

The gymnasium was attractively decorated with red and white crepe paper streamers extending from the balcony railing, over a wire stretched over the center of the room, to the opposite wall. At each end a large cedar tree extended to the paper ceiling, and cedar boughs in abundance concealed the orchestra platform. The Harvard High Hatters provided the music.

Besides the masters and the ladies of the faculty the guests included Mr. and Mrs. W. A. Kinsman, Dr. and Mrs. C. W. Bullard, Mr. and Mrs. Richard Noyes, Mr. and Mrs. Donald I. Perry, and Miss Betty Bowman of Newburyport; Mr. and Mrs. Francis R. Kitchell of Byfield; Dr. and Mrs. Harvey A. Kelly of Winthrop; Mrs. H. Arthur Hall of Winchester; Mrs. Victoria Root of Ward Hill; Miss Mary Frances Lambert of Henderson, Kentucky; and the Misses Ruth and Helen Emery and Mr. Robert Bridges of Portland, Maine.

The overnight guests were accommodated in Perkins Hall under the chaperonage of Mrs. Osborn P. Nash, 2nd. They were the Misses Carolyn and Janet Nichols and Miss Mary Whittaker of Winchester; Miss Janice Freeman of the Katherine Gibbs School, Boston; Miss Nathalie Hadock and the Misses Polly and Olive Thayer of the University of New Hampshire; and Miss Nancy Chapman and Miss Frances Cobb of Portland, Maine.

Dancing began at four in the afternoon. At six-fifteen dinner was served to the boys and the guests in the dining room, and at eight dancing was resumed. Light refreshments were served in the gymnasium at the end of the dance at eleven o'clock.

## STUDENT COUNCIL REPORTS 100% SUBSCRIPTION TO RED CROSS

The annual Red Cross membership drive was conducted at Governor Dummer this year by the newly-organized Student Council, one member being assigned to canvass each dormitory. Joseph Langmaid, President of the Council, announces that every student and master was enrolled.

## OPPORTUNITY OFFERED TO STUDENTS TO CORRECT POSTURE

Under the direction of Mr. Arthur Sager the school is attempting this year to correct the posture of every boy. Posture-graphs have been taken and have been sent home to the parents with letters that point out the defects in each boy's posture. At the end of the year posture-graphs will again be taken and sent home to the parents. These will show what improvements have taken place during the year.

Mr. Sager has given several talks and demonstrations to the school on this subject. In these talks he pointed out the defects that were most prominent and showed the students what exercises would help to correct these defects. He also told what effect these defects would have on a boy's health in later years. He showed what caused them. He told the students that bad posture, although they had no ill effects from it while they were young, would cause them a lot of pain in old age.

Mr. Sager has given every boy a private interview and has told him what he must do to correct his defects. He has offered to give individual exercises to those who need them.

The students are now required to sit and carry themselves properly in and out of class. Mr. Sager has put a lot of his time into this in the hope that there will be an improvement in the appearance of the school, and a great deal of improvement has been made already. The whole school is working with Mr. Sager and trying to make his plan a success.

## SATURDAY NIGHT ENTERTAINMENTS SHIFTED TO DINING ROOM

To inaugurate the practice of holding the Saturday evening entertainments in the dining room whenever possible, Professor William F. Clapp's illustrated lecture on biology was held there on the evening of December 6. The tables were pushed over to the side of the room and chairs were placed in rows facing the fireplace, allowing the boys greater comfort than was possible when the entertainments were held in the living room.

Professor Clapp, who teaches biology at Massachusetts Institute of Technology, talked about reptiles of all sorts, though more particularly about the poisonous varieties. He told many interesting and amusing anecdotes about his professional experiences. After the lecture he was surrounded by a large group of boys, whose questions he very good-naturedly answered.

## MR. OSBORN P. NASH APPOINTED ALUMNI SECRETARY

The Headmaster and the members of the faculty have been exceedingly anxious to build up an active body of the Alumni. As a first step towards achieving this end, the Headmaster on November 1st, addressed a printed letter to all known alumni. Mr. Eames wrote in part:

"The school feels strongly its close relationship with its alumni, its dependence upon those men who spent some part of their youth together here in Byfield village. In all possible ways the school wishes to renew and strengthen those old ties. I hope every much that many of you will find opportunity during the coming year to revisit the school and to call at the Mansion House, where you will find Mrs. Eames and myself eager to make your acquaintance. Failing an actual visit, those of us who are more directly responsible for the welfare and good name of the old school would be heartened by some word from each one of you."

The letter also commented on the school enrollment of the present year and on the proposed change in name, which has since taken place. The response to this letter was gratifying; for although it did not specifically call for a reply, many alumni answered.

Further steps towards the development of close relations include the sending of further letters to the alumni containing news of the school, the possible organization of local groups of graduates; and the encouragement of the Alumni to return and visit the school at Commencement or at any other time.

Mr. Osborn P. Nash has accepted an appointment as Alumni Secretary. With the assistance of Mrs. Nash, he is making a card index of the Alumni and is bringing up to date all possible information. He has a list of all the former graduates as far back as 1870 and a partial list of those for some years earlier. Mr. Nash will greatly appreciate any correspondence and would like to have the addresses of former graduates or other information about them.

## MOVING PICTURES TAKEN OF FIRST TEAM PLAYS

On Dec. 12th this year's football team got into uniform for the last time and scrimmaged against team B while Mr. Brodhead took moving pictures of them. The pictures are to be kept by the school and used for demonstration in teaching plays, methods of blocking, and other details of the game. Mr. Brodhead has already taken moving pictures of portions of several games, and Mr. Jacob has found the films of great value in correcting faults and teaching better methods.

## FAMOUS MAGICIAN MYSTIFIES ENTIRE STUDENT BODY

Saturday evening, the 22nd. of November, Mr. Mulholland, world famed magician, performed some of his tricks for the students of Governor Dummer Academy. Mr. Mulholland is known all over the world as an authority on the history of magic. He has studied magic in an Indian family in India and has written several books on the subject. One of these was *Magic in the Making*. Mr. Mulholland is also a member of the group of magicians who are fighting the false spirit mediums.

Mr. Mulholland talked about the history of magic and magicians. He allowed the students to ask him questions about magic, answering all those which did not concern stage tricks. He combined excellent psychology and showmanship in the presentation of his tricks. His talk kept his audience in continual laughter.

One of his tricks was the famous trick of shooting a card from a pistol into a cigarette case, which was first performed by Robert Houdin (1805-1871). Robert Houdin used to shoot the card back of the glass in a mirror. Mr. Mulholland made cards, thimbles, and silks travel from place to place mysteriously and invisibly. Knots untied and tied themselves. Solid rings were linked together. Mr. Mulholland ended his performance by causing a bird cage with an artificial bird in it to vanish in air.

A great deal of interest was shown in this entertainment, by far the most popular that the school has had so far. Needless to say, the entire school was entirely mystified by the performance.

## VESPER SPEAKER GIVES FOUR RULES FOR CHARACTER BUILDING

The Reverend Daniel Bliss of Old South Church, Boston, was the speaker at Vespers on November 23. His topic was character building, and he drew his texts from four different civilizations, covering a period of four thousand years.

The first text was taken from the writings of an Egyptian sage of the second millenium before Christ. "If ye judge a friend, do it when he is alone."

The second was from the Hebrew prophet, Micah. "What doth Jehovah require of thee, but to do justly, to love kindness, and to walk humbly with thy God?"

The third was the Golden Rule. "Whatsoever ye would that people should do unto you, do ye likewise unto them."

The fourth was the "categorical imperative" of Emanuel Kant. "Nobody has a right to do that which, if everybody did it, would destroy society."

## STUDENT COUNCIL ADOPTS "G" AS ATHLETIC INSIGNIA

In accordance with the recent decision to encourage the use of the full name *Governor Dummer*, the Student Council has voted to substitute "G" for the "D" previously used as a recognition of athletic proficiency. The regular players of this year's football team will be the first ones to receive the new award; but all boys now in school who have previously earned the right to wear a school letter will be granted new insignia. The members of the second and junior teams who were recently awarded letters will also be given the new letters.

The following resolutions were also adopted at recent meetings of the Council.

1. First team letter men will elect one manager, who will receive a major "G." All other managers will receive minor letters.

2. All managers on all teams will wear lines under their letters.

3. All football letters will be worn on red sweaters only.

4. The football captain for 1931 will be elected by first team letter men.

5. The first squad "B" team will receive the same letters as the second team.

6. The first team football letters will be eight inches high.

## FOUR FOOTBALL MEN MAKE NOVEMBER HONOR ROLLS

According to the lists announced by Mr. Nash, four regular first-team football players appear on the Honor Rolls for November. These boys are H. Shaw Carter, John Young, Howard N. Walker, and Philip Collins. Mr. Nash also announces a marked increase in the number of boys in school having a general average above eighty.

### First Honors

- \*David C. Tatman
- \*Colin F. Soule
- \*Weldon M. Ray
- John W. Whittlesey
- \*H. Shaw Carter
- \*Thomas N. Willins
- \*Howard Rosenfeld
- \*John Young

### Second Honors

- \*Francis R. Kitchell
- Howard J. Navins
- \*William Johnson
- Howard W. Walker
- Philip Collins
- William M. Woodbury
- \*Robert S. Ingersoll
- \*Designates boys on Honor Roll for second time.

## LETTERS AWARDED TO SEVENTEEN MEMBERS OF FIRST TEAM

Major 'Gs' have been awarded to the following members of the first team: Carter, Latimer, Davis, Langmaid, Deuel, Young, Cunningham, Walker, Churchill, Segler, Collins, Graf, Chase, Wood, Underhill, Buechner C., Navins, Manager.

Second Team 'G's have been awarded to the following men: Thelen O., Bates, Root, Ingraham, Henneberry, Gove, Bond, Assistant Managers Pennock, Pillsbury.

## GOVERNOR DUMMER ORCHESTRA MAKES APPEARANCE AT THANKSGIVING DINNER

On the evening of Tuesday, November the twenty-fifth, the last day before Thanksgiving recess, the school was treated to a pleasant surprise in the form of a Turkey dinner. The dining-room was decorated in appropriate colors and looked its finest. In the end of the living-room was gathered the Governor Dummer orchestra. Its debut, under the leadership of Mr. Sager, was extremely successful. During the dinner the school was entertained with selections by the orchestra, among which were: N.C.-4 March, Opening Game March, Our Director March, Mignonette Overture, and Fortune Overture. At the end of the program both Mr. Sager and the orchestra were heartily cheered by the students.

## SECOND CONCERT SHOWS ORCHESTRA MAKING STEADY IMPROVEMENT

Both the faculty and students were happily surprised at the success of the second concert given by the orchestra Sunday noon, December 7. This group has practiced regularly for several weeks and has come to the point where it is doing very well for an organization of its type. Mrs. Jacob at the piano and Mrs. Smith, first violin, share with Mr. Sager the credit for an excellent performance.

The members of the orchestra are arranged as follows:

1st violin: Mrs. Smith, Adden, Laite, Pillsbury. 2nd violin: Bates, Covey, McVeigh; Clarinet, Eldred; Cornet, Barrell, Hosmer; Drums J. S. Smith, Wolff; Flute, Morrill; Piano, Mrs. Jacob; Saxophone, Barndollar, W. S. Johnson.

Some of the pieces they have been working on are: Mignonette, National Emblem March, The NC-4 March, Our Director March, Fortune Overture, The Lost Chord, and Excerpts from the *Unfinished Symphony of Schubert*.

## DEAN OF FRESHMEN AT AMHERST TALKS TO PROSPECTIVE APPLICANTS

---

On Thursday evening, December 4, Mr. Atherton Sprague, Dean of Freshmen at Amherst College, visited the school and gave a short talk at the evening meeting. Later he met a group of boys interested in that college and discussed entrance requirements and other problems with them.

Mr. Sprague is one of the many college representatives who now make it a practice to visit preparatory schools and advise the prospective applicant while he is still in school and can adjust his course of study to meet the particular requirements and conditions at the college he desires to enter.

## VESPER SPEAKERS STRESS VALUE OF DETERMINATION AND EARLY HABITS

---

Sunday, November thirtieth, Reverend Wallace W. Anderson of the Franklin Street Congregational church in Manchester, New Hampshire, spoke to the school. His talk concerned speaking to oneself in terms of victory or defeat, and the victories or disappointing consequences that follow. He told how a captain of an Amherst football team which had had a very poor season was determined to beat the strong Williams team. This captain went about among his team-mates continually saying, "Beat Williams; beat Williams" until it became a slogan heard all over the campus and when the great day arrived, Amherst actually did defeat Williams.

December seventh, the Rev. Dr. Grimes, pastor of the Central Congregational church in Newburyport, was the vesper speaker. His topic was "Preparing for life." He told the school of the very fine effect a Professor Burr, headmaster of the preparatory school he attended, had upon him, and how he still remembered many of the lessons he learned so long ago. It was in this school that he learned to do everything thoroughly, even the smaller things such as polishing the heels of shoes as well as the toes. His lesson to the school was that the habits formed now determine what kind of a man each boy will become in later years.

Sunday, December fourteenth, Mr. Baldwin of the Phillips Andover faculty addressed the school at Vespers. Mr. Baldwin talked about lies and creeds. He said everyone, whether aware of it or not, had a creed, and that some were good and some were poor. A person might have luxury and personal indulgence as his creed, or he could devote his life to self-sacrifice and doing good. Mr. Baldwin said that his was purely the joy of living—of finding all that which was good in life, but at the

same time realizing the wrong and shunning it.

In relation to lies, Mr. Baldwin told the school an interesting story of the World War. A soldier had "chats," and after trying in vain a number of ways to remove them, he was told by an old veteran that the only practical method was to kill the insects one by one.

Mr. Benedict, also of the Andover faculty, accompanied the speaker here and pronounced the benediction.

## NEW SCHEDULE ADDS ANOTHER HOUR OF STUDY TO MORNING

---

A new schedule has been in effect during the period between Thanksgiving and Christmas. The new schedule differs from the old in several important respects. The rising bell rings fifteen minutes earlier; an hour of preparation is allowed between morning inspection and the first class; rest period has been shifted until after lunch and lengthened to forty-five minutes; and the three afternoon class periods have been shifted to the end of the afternoon in order that recreation and athletic period may occur during daylight. Under the new schedule the masters report more thorough preparation for class and more satisfactory progress.

## SEVENTY-FIVE ADAMSES HAVE BEEN STUDENTS HERE

---

Among the replies received by Mr. Eames to his alumni letter of November that from Mr. George W. Adams was of especial historical interest. Besides containing the interesting information that there have been seventy-five members of the Adams family at Governor Dummer, it intimates that the Academy may be even older than is supposed, and that it was a well organized school with a distinguished board of trustees before Governor Dummer gave it his name in 1763. The letter follows:

"The Highfields, Nov. 17, 1930

"My dear Mr. Eames:

"Your circular letter of November 1 gives me the opportunity and pleasure of expressing my appreciation of the good work you have done and are doing for the old school. The courtesies I have received from your staff and the always gentlemanly deportment of the pupils have been very pleasing.

"There is good reason for my interest, for four generations from this home have been pupils, and of my blood and name there have been two Masters and two Trustees with seventy-five enrolled pupils. Also for several years previous to 1760 the college preparatory school which through his generosity became the Governor Dummer School was held in

the room adjoining that in which I write. For the three years previous to 1760 we have no list of the pupils but probably Joshua Noyes, Jr. was the teacher then as later. The Trustees in 1760 were Richard Dummer (the Governor's cousin), my ancestor Cap't Samuel Adams and Rev. Moses Parsons and there were 20 pupils.

"It is our family tradition that Richard Dummer impressed it upon his cousin that 'Adams's further bedroom was not fitted for so large and prosperous a school.'

"Up to 1859 when some changes were made in the house some of the crude school room fittings were still stored in the attic, and the desk used by Master Noyes is still preserved.

"I am greatly pleased by the suggested term of 'Governor Dummer Academy' and you have my sincere good wishes for continued prosperity.

"Yours very truly,  
(Signed) "George W. Adams."

#### GOVERNOR DUMMER TO HAVE NEW GLEE CLUB

Among the school activities inaugurated since Thanksgiving recess the new Glee Club has gained rapid recognition. Practice has been held almost daily during the after-dinner rest period and has shown such satisfactory results that what began as a double quartette has been enlarged to form a Glee Club. Mr. Sager, the director, is much encouraged and believes that there are excellent possibilities for a fine organization and that sufficient progress may be made to justify a schedule of concerts and trips during the spring term.

The arrangement of voices is as follows:

First Tenor: Adden, Henneberry, Kitchell, Root.

Second Tenor: Bond, Ingersoll, Ingraham, McVeigh, Walker.

First Bass: Carter, Deuel, Johnson W. S., Segler, Soule.

Second Bass: Buechner C., Brown, Churchill L., Tatman.

Selections sung are limited now to "Swing Low, Sweet Chariot," "Silent Night," and "The Cotton Dolly." Mr. Sager is now preparing several Christmas Carols.

#### WRESTLING SQUAD TO BE COACHED BY MR. BRODHEAD

Under the capable leadership of Mr. Brodhead, a former member of the Princeton wrestling team a squad of twelve is learning the principle of wrestling. Every day they go through a hard series of body building exercises, followed by a drill in sequences of holds, and short bouts in which they have the opportunity of practicing what they have learned.

In the bouts the boys wrestle with the same opponents. The pairs are as follows—Adams and King, Beola and Laite, Bond and Sanders, Fearnside and Hall, Ingersoll and Thelen, Staples and Young.

Classified according to weights the squad is as follows: 125 lb. class—Laite; 135 lb.—Adams, Beola, Staples; 145 lb.—Ingersoll, Thelen, O.; 155 lb.—Hall, King; 165 lb.—Bond, Fearnside, Sanders, Young.

#### YALE DOMINATES TOUCH FOOTBALL LEAGUE

In order that the boys not participating in hockey, basket ball, relay, or wrestling, might have some form of recreation and exercise, a touch football league was organized for the period between Thanksgiving and Christmas. Under the supervision of Mr. Jacob four teams were formed and were named after various colleges. The colleges thus represented were Center, Notre Dame, Southern California and Yale, and their respective captains were Underhill, Latimer, Segler, and Soule. Mr. Jacob played for Yale, and Mr. Mercer and Mr. Dunning alternated for Center.

In the series of games which followed, Yale was the most successful, winning four games, tying one, and losing one, thus having an average of 800. Center placed second by winning one, tying four and losing one, an average of 500. Third place went to Southern California, which won one, tied three, and lost two. Fourth place was held by Notre Dame with one victory, two ties, and three losses, an average of 250.

#### RELAY TEAM ORGANIZED BY MR. ARTHUR SAGER

Finding that there were a number of boys in school who seemed to be potential track material, Mr. Sager has organized a relay team. At present it is engaged mainly in practice work in an attempt to get everyone in condition for an active season after Christmas. Mr. Sager hopes to enter the team in the B. A. A. games at Boston, the Bowdoin College Relay Meet, and possibly the Amherst College Relays.

At present it is fairly certain that Bates, Larry Churchill, and Carter will be members of the varsity team. From a group including Segler, Harry Churchill, Wood, Sanders, and McVeigh. Mr. Sager will choose the fourth man and the alternate.

In addition to being trained for relay work, the members of the squad are receiving training in other track and field events. Mr. Sager, who was a member of the last Olympic team, hopes thus to develop enough material to make a track team possible next year.

### DR. CHARLES SAMUEL INGHAM

*By Mr. Edward W. Eames*

The Archon is printing in this issue a photographic reproduction of Dr. Ingham's portrait. This is the new portrait which was painted last June at the request of a group of the Doctor's former pupils and which has recently been hung in the Noyes Memorial Library.

Charles Samuel Ingham was born at Saybrook, Connecticut, on January 11th, 1867. Graduating from Yale University in 1891, he returned to that institution for graduate study, receiving his doctor's degree in 1896. For the next ten years Doctor Ingham taught at Yale and at Marston's University School in Baltimore, from where in 1907 he was called to assume the duties of headmaster at old Dummer Academy.

Dr. Ingham arrived here in South Byfield village in July, 1907. He had immediately to face an embarrassing situation. There were no pupils enrolled for the coming year, nor was there any list of prospective pupils. But the young teacher met his first trial with such courage and determination that, when the doors of the Academy opened the following September, there were in attendance nineteen boarding students and fifteen day scholars.

The school under its new leadership grew in strength and prestige, until during the later years of Dr. Ingham's administration there were usually in attendance between 70 and 85

boarding students. This increase in size made necessary additional buildings and equipment, and Peirce Hall, Lang Gymnasium, Perkins Hall and Mason Cottage stand today as reminders of what the preceding administration has achieved.

Time and again, throughout the twenty-three years of Dr. Ingham's devoted service to this school, he has been called upon to display the same qualities of courage and determination with which he met his initial problem in the summer of 1907. Time and again his school has needed boys, has needed money, has needed friends. And time and again these needs have been furnished the school only through the indomitable faith and spirit of its head. Through the long years of struggle two men stood close to the Doctor: Edward Parish Noyes, who lived just down the road until his death in 1913, and Fred M. Ambrose, who has recently returned to the village. No account of Dr. Ingham's career is complete without mention of these two good friends and neighbors, whose faith never faltered and whose hope was never shaken in times of darkest discouragement.

The Doctor, always kindly and generous, still provided in himself an example of old-fashioned New England thrift. His boyhood was spent on a Connecticut farm, and this early experience must have helped him through his early days at the Academy when a little money had to satisfy large demands. The Academy has always kept intact William Dummer's original grant of 360 acres of land, an unusually large property for a school. The Doctor's practical farmer's eye was always seeking to turn this land to the best possible use. Some of it he converted into a golf course to the improvement of his school, and many other acres he planted with pine.

As an educator, Dr. Ingham believed in the old-fashioned classical training reached through good teaching and hard study. His standards of scholarship were high and he enjoyed particular success as a trainer of young teachers. His understanding of boys, too, was keen and penetrating, as was revealed in the brief characterizations which he handed out to his seniors on Commencement Day along with their diplomas. In short, he was, in the best sense of that old phrase, "a gentleman and a scholar."

It seems to me peculiarly fitting then, that we should now through the medium of our school paper acknowledge even in part our debt to Doctor Ingham, a fine and good man, who has just closed his long and devoted service as Headmaster of Governor Dummer Academy. May our thoughts and good wishes go with him and Mrs. Ingham on their present travels, and our hopes for their speedy and safe return.

## DEERFIELD GAME AROUSES UNUSUAL ENTHUSIASM

The football game at Deerfield on November 24 was one of unusual interest on several accounts. There was every advance indication that the game would be the interesting contest that it proved to be. Both teams had enviable records. The Governors took an undefeated team to the game and looked back with pride on a record of two ties and five victories. The Deerfield team had equal reasons to be confident; for although their early season showing had not been so impressive, in the last three games they had defeated Loomis Institute, Cushing Academy, and the Massachusetts Agricultural College second year men, with comparative ease.

Another cause of unusual interest in the game was the close connection existing between the two schools. Mr. Frank L. Boyden, the Headmaster at Deerfield Academy, is also a member of the Board of Trustees of Governor Dummer Academy. Mr. and Mrs. Eames, Mr. Mercer, and Mr. Hearn of the Governor Dummer faculty were previously at Deerfield and had many friends at that school. It was because of that connection that the game was arranged after both teams had completed their regular schedule.

Coach Jacob, his assistants, and a squad of twenty-two players left South Byfield for the game on the preceding afternoon. They spent the night at the Weldon Hotel in Greenfield and arrived at Deerfield Academy Monday morning. Later in the day they were joined by Mr. and Mrs. Eames and about twenty boys who had driven up Monday morning. The Governors thus had a small but loyal band of rooters among the crowd of fifteen hundred spectators attracted to the game.

After the game the team and the other guests from Governor Dummer were most hospitably entertained by the academy.

Immediately after the game a reception had been arranged for them, and afterward they were invited to stay for supper and for the evening meeting. The masters and boys who made the trip were much impressed by the excellent singing at the meeting and by the unusual hospitality and courtesy shown them during their visit.

The boys returned to South Byfield that night in the busses and cars which had been secured for the trip, arriving at about eleven-thirty.

The boys who were unable to make the trip to Deerfield had meanwhile enjoyed a day's vacation, for the complete Monday schedule of classes and work had been run off Saturday to make the extra game possible.

## GOVERNORS LOSE FINAL GAME TO DEERFIELD ACADEMY

Governor Dummer Academy played Deerfield in football on the 24th of November at Deerfield for the first time in the history of the two schools. The first quarter was a kicking duel with neither team making headway. In the beginning of the second quarter, however, the Governors started an aerial attack. A pass, Walker to Collins, gained 20 yards for the Governors. Another pass, Walker to Latimer, gained 7 yards. After an end run Walker threw a long pass to Carter for 35 yards. Here Deerfield held and Walker tried a place kick which failed.

Later in the same period Deerfield completed two long passes for 40 yards. They tried another long pass, which Walker intercepted. Walker punted 75 yards to Deerfield. With but two minutes left of the first half, Deerfield completed a beautiful pass, Bogartus to Dunn, for 52 yards and the first touchdown of the game. They failed to make the extra point. The half ended with Deerfield leading 6 to 0.

In the beginning of the second half Deerfield started a march down the field which ended with a touchdown, the Governors being unable to stop Deerfield's deadly aerial attack. In the last part of the same quarter the Governors also started a march down the field. Walker went around right end for 15 yards and a first down. Two plays later the Governors made another first down. Before they were able to score, the third period ended with Deerfield leading 12 to 0.

The fourth period opened auspiciously for the Governors. On the first play Walker went over for a touchdown. Churchill plunged through the line for the extra point. With but a few minutes to play, Walker intercepted one of Deerfield's long passes and on the next play threw a long pass to Collins for 50 yards. The Governors were only 18 yards from Deerfield's goal. Churchill plunged through the strong Deerfield line for 10 yards. For two plays the Governors were held without an inch gain and in a final attempt to score, Walker tried an end run. He was tackled and fell on the 6 inch line. The game ended with Deerfield leading 12 to 7.

## 28 LETTERS AWARDED MEMBERS OF SECOND AND JUNIOR TEAMS

On Tuesday evening, November twenty-fifth, a football rally was held for the purpose of awarding letters for the fall sports, other than the first football squad. The student body and masters assembled in the living room of the Commons. The meeting began with the showing of some moving pictures of last

CAPTAIN-ELECT H. SHAW CARTER

New York

CAPTAIN LAWRENCE W. CHURCHILL

Son of Mr. and Mrs. Lawrence W. Churchill of  
Wakefield.

year's Army-Yale and Harvard-Yale football games. Then Mr. Brodhead, coach of the Junior varsity squad, presented football letters to the following men on his squad: Captain James Smith, Hugh Barndollar, John Aden, Bradley Richards, Colin Soule, Karl Wolff, Weldon Ray, Robert Ingersoll, Reinhard Thelen, Russell Robinson, Nathaniel Sanders, Harmon Hall, Terry Staples, and Manager Covey.

Next on the program was the awarding of the golf trophy. Mr. Mercer, golf coach,

presented to Jack Cushman, winner of the golf tournament, a silver plaque bearing his name.

Coach Reagan of the Junior football squad then presented letters to the following boys on his team: Captain Harry Adams, John Hosmer, William Williamson, Mario Fernandez, Jose Beola, William Buechner, David Tatman, Harry Churchill, Drew King, William Woodbury, Walter Woodbury, Reginald Morrill, Raymond Jones, Frank Lougee, and Manager Kitchell.

### GAME IN BOSTON ARENA TO FEATURE HOCKEY SCHEDULE

Mr. Eames, head coach, has announced the following schedule for the Hockey team. The features of the schedule are the Deerfield game and the game with Tabor Academy in the Boston Arena. The latter is the first of two games to be played there under the present agreement with Tabor.

Jan. 17: Lynn Classical High School, here.  
 January 21: Haverhill High School, here.  
 Jan. 24: Worcester No. High School, here.  
 January 28: Brooks School, here.  
 January 31: Tabor Academy, Boston Arena.  
 February 4: Phillips-Andover, away.

February 7: Brooks School, away.  
 February 12: Lawrence Academy, away.  
 February 14: Belmont Hill, away.  
 February 21: Deerfield Academy, here.

#### *Enlarged Rink Available for Games*

Owing to the generosity and interest of Mr. Frederick A. Goodwin, one of the trustees, the team will have a larger and smoother rink this year. During the summer one of the steam-shovels at work on the turnpike was secured to enlarge the rink and square up the corners. This fall a new concrete dam has been constructed and a pipe connection made to supply water for resurfacing the ice. Practice has been held on the rink whenever there has been ice of sufficient strength.
